Windows 10 OS

- No additional Drivers are needed to be installed under Windows 10.
  Windows has already a built-in Default Driver that will allow Radio
  to operate with ERW-21 cable.

Windows 7/8/Vista OS

- Important - Windows 7/8/Vista confirm your OS 32 or 64bit version.
- 32bit OS, open the x86 folder and install "USB Virtual Com Port Driver.exe"
- 64bit OS, open the x64 folder and install "USB Virtual Com Port Driver.exe"
